

Double Your Gift

Make your gift work harder by doubling it through a matching gift from your employer. Hundreds of companies will match the charitable gifts made or volunteer hours logged by their employees or retirees. Both large companies and small businesses match. Simply completing a short form from your employer's human resources department can mean another gift to the Minnesota Academy of Science. Please take a look at the matching gift list below for companies that allow their employees to direct charitable giving through matching gifts. If you work for one of these companies and notify them of your donation, your employer will make a matching gift to the Minnesota Academy of Science.

If your company matches charitable gifts and is not listed, please contact MAS at 952-545-6789 or contact@mnmas.org to let us know, or learn more about matching gifts by contacting your employer's human resources department.
